 But here we are giving it our all  
 So many years in the making, but then forsaking, and forgetting  
 Even for a moment, I am not betting on our demise  
 I can see the future in your eyes  
 I see the presence, ironic surprise  
 When you go counter and I clockwise  
 Thru the world's pain and all the lies  
 We will grow a garden every time  
 And if I harden, will you remind  
 Me of the softness, I had in my prime  
 If I seek will you help me find, and when I freak won't you be kind  
 Know there's sometimes demons in the mind  
 What can I say, it's hard being an interdimensional bride  
 I'm the Venus your Mars  
 I'm the healing for your scars  
 I'm the nighttime for your stars  
 You don't have to look so far  
 Watering the family tree  
 Ever after happily  
 If the Earth falls to the sea  
 In your arms is where I'll be

**Jack:** Dear Jessie , I hope you can feel what I am living now. You have spent so much time publishing our own wrong profiles, but the truth is that we don't know each other at all.....

Well you only need the light when its burning low

Only miss the sun when it starts to snow

Only know you love her when you let her go

Only know you've been high when you're feeling low

Only hate the road when you're missing home

Only know you love her when you let her go

And you let her go

And I will never let you go

Cause I love you

Your Jack

Reflections

Do you think technology could replace a human contact?

As soon as you can, please, switch off all your device and breath the world starting from the air around you.

Raise your head, look at the sky and realize that the clouds flow alone, without dialling or opening an app.

The most beautiful emotions are the ones you can touch with your hands.

The real brain plays are the ones you can create by yourself.

The very true laughing comes from face to face and not from facebook.

The deepest love blooms looking at into each other ' s eyes.

Remember that there will never be a digital tool that will be able to give you the taste of the kiss you have always dreamt.
